

2008 Upright Price List

The following prices are for Unfinished and Finished Uprights. Solid wood uprights are made of Hemlock/Fir*. Holes for adjustable shelf spacing are 1" on center. Use Uprights for end of run and add-on position. For special heights, add \$9.00 to the next tallest price. Prices effective March 1, 2008. Prices may change without notice.

UNFINISHED

*Lundia Uprights have always been made in either Hemlock or Douglas Fir as Pine has too many knots to be used in the manufacturing of uprights.
